Changelog

Journal of Actionable Outputs for QLS

0.1.4 October 30, 2025

- Performed several scan with the help of various tools, that yielded in similar or equal results
- ZAP report added here The website fails to render the whole report, because of large 34K likes of code. Going to optimize and break down into sections tomorrow.

0.1.3 October 29, 2025

- Added the intro of a basic NIKTO scan

0.1.2 October 28, 2025

- Added information on port 2030
- Continued adding information on the results of more nmap scans
- Added a page of Reconaissance
- Updated Index.html

0.1.1 October 27, 2025

- Added Changelog.md
- Added Nmap folder
- Performed a basic nmap scan on OS detection

0.1.0 October 27, 2025

- Initial setup.
